

Video Everywhere with Webex

Scope

An expert will set you up on Webex Cloud and natively integrate Webex with 3rd Party Platforms such as Microsoft Teams, Google and Zoom.

Benefits/Outcomes

Have all major collaboration platforms communicating with each other in a seamless way so there is no infidelities in how customers, clients and partners communicate. This allows businesses to operate with minimal service outages with the next-generation collaboration features build into the platforms.

Assumptions

- Customer will provide Tesrex consultants with unmetered and unrestricted administrative access
- Customer will provide all existing documentation pertaining to the platform
- Customer will agree change windows with Tesrex consultants and be responsible for all change control approvals
- Customer will assist with necessary connection, service accessibility and any other deemed necessary testing
- Each change window cannot exceed a maximum of 8 hours
- All work will be delivered remotely, unless there is an absolute necessity which may jeopardize the success of the project
- Each platform will be configured AS-IS; this means no change in the existing configuration will be made unless agreed to further advance the projects intended requirement.
- No additional feature sets will be enabled or disabled unless agreed upon by the customer.

Deliverables

- Initiate Kick-off meeting with customer to understand the environment, use cases and expectations of the platforms they are looking to adopt.
- Perform an assessment of the current platforms to identify any existing configurations so we can uncover any dependencies that may hinder the integration process. This may be cloud, hybrid or on prem.
- Perform platform configurations on Webex, Azure, Zoom or Google Cloud portals.
- Configure any endpoint or client devices to support registration
- Complete configuration in a maximum 5 working days with the least amount of disruption.

Cost

Webex with one integration: £2000

Webex with two integrations: £3000

Webex with three integrations: £4000

About Tesrex

We're a team of Cisco specialised IT consultants and solution providers based in London. Our goal is to accelerate the adoption of next-generation technologies in the organisations we work with. Everything we do at Tesrex comes down to our ethos; Design. Deliver. Nurture. This core ethos shapes every experience our clients have while working with us.

As a company, our roots first sprouted in San Francisco, USA before we started working in the UK in 2016. Since then we have built a highly-skilled team with diverse knowledge so we can efficiently solve any challenge a customer presents to us and exceed expectations.
